

Dance Excellence Los Angeles Costs

Please note, due to the cost of a trip such as this, and my belief in what it can do for our young dancers, L'Academie de Danse will not profit from this trip. All costs are simply being passed on.

Dance Excellence course fees: USD\$1600 This includes:

1. Accommodation at the Westin hotel LAX
2. All food for the week from Lunch on Sunday the 17th – Breakfast on Saturday the 23rd
3. All transport throughout the week including airport transfers.
4. All dance classes and events featured in the Dance Excellence schedule.

The Dance Excellence fee is the same for parents. Your fee covers all of the above plus these extras:

1. Admission to all events and classes included in the schedule.
2. Several EXTRA excursions and tours throughout the week.

Flights: NZD\$1300 - NZD\$2100

This is obviously dependent on airfare costs. We will be attempting to arrange a group discount once all applicants are finalised. As per advice from travel agents, the costs can range between the two prices stated above.

Extra fee: NZD\$450

This is compulsory for all students, but not parents. This fee covers:

1. Dance Excellence 2010 tracksuit top to be worn at the event.
2. All rehearsals and classes to prepare for the shows that L'Academie de Danse will perform in Los Angeles. All costumes and props needed for the Los Angeles performances.
4. All admin for students related to Dance Excellence attendance.

Extra Costs: (These costs are optional or are dependent on numbers)

1. Performance Boards entry fee. \$45USD covers registration for one dance entry. This cost is incurred with each dance you enter. 2010 dancers entered 3 dance pieces each, between the juniors and the seniors.
2. DVD'S of Performance Boards and the Disney Performance. These DVD's are \$10USD each and are a great memento to keep.
3. Room change charge. In 2010 there were an uneven number of L.d.D students and parents that stayed at the Westin Hotel. Because of this we were required to pay an extra \$15USD each to extend the number of rooms. This cost is all dependent on numbers.

Total cost at today's exchange rate:
